**Northshore Utility District**  
**Conditions for Certificate of Service Availability**

Northshore Utility District (District) has issued this certificate for the sole purpose of facilitating submission to the permitting agency for evaluation of development proposals of the property requesting service.

1. This certificate is issued specifically for the following type of water or sewer service (check all that apply). **If any of the specifications, in this section or on any other document submitted to obtain this certificate, are changed, this certificate is void.**

- Up to \_\_\_\_\_ single-family homes in a subdivision.
- Up to \_\_\_\_\_ units of multi-family dwelling.
- Up to \_\_\_\_\_ units of non-residential structure of approximately \_\_\_\_\_ square feet.
- Other, describe: \_\_\_\_\_

2. The following system improvement project(s), to be completed by and at the expense of the legal owner of the property requesting service, is/are required (for detail specifications - see 5 below):

3. **This certificate is valid only for one year from the date of issuance and is conditioned upon satisfying all federal, state, county, city or other regulatory agency requirements applicable to the aforementioned real property, property owner or applicant for the occupancy, construction, improvement and use of said real property.**
4. Re-issuance or extension of this certificate may or may not be granted depending on the availability of system capacity and other changing conditions affecting the utility system(s). A new certificate, if granted, may be issued with new or additional requirements for service.
5. Connection charges and other applicable fees must be paid prior to project acceptance and service. These charges are, as set forth, in the District's policy in effect at the time of connection. The rates in effect at the time of connection for service will apply. Service to the property will be subject to all District policies and regulations in effect at the time of actual connection for service.
6. District cannot determine and describe all conditions and system improvements needed for service to the proposed project without a detailed review of the completed set of development plans, which is not yet available at this time. **Besides any requirements listed in paragraph 2 above, other conditions and/or necessary system improvements (as determined solely by District during project and/or plan review), to be completed by and at the expense of the legal owner of the property requesting service, may be required.** The potential costs for these conditions and/or improvements, if any, may be substantial.
7. This certificate is void: (a) one year from the date of issuance, (b) if the utility system's capacity or ability to provide service is impacted by natural/man-made disasters or other conditions beyond the District's control, (c) if the current and/or future legal owner(s) of property requesting service cannot accept all conditions herein or to be imposed by the District at the time of plan review, (d) if the undersigned is not authorized to act on behalf of the legal owner of the property requesting service.

As the legal owner of the property requesting service (as described on the reverse side) or the owner's authorized agent, I understand and accept that this certificate of sewer or water service availability is issued subject to all of the above conditions.
